JAY COMFORT SEAT OPTIONS & ACCESSORIES

Upholstered wooden seat board complete with

5cm (2") front and rear threshold. Ideal for

Hard back, vertical strap or tension

Anatomically shaped with a shallow contour

and padded for extra comfort. Available as a

with tension adjustable straps for posture

solid wooden backrest, vertical strap option or

management. Solid back height 50cm, vertical

strap back and tension adjustable height 57cm

supporting air filled cushions.

Shallow contour backrest

adj. straps

This cushion has a 12mm (1/2") beech wood base with a slightly contoured foam cushion, featuring a 2cm (3/4") seat angle designed to aid client in front transfers.

Deep contour backrest - active

This back features tension adjustable straps for posture management and a 4" deep contour providing integrated lateral support around the lower back, tapering away at the shoulders so as not to restrict active users. - 57cm back height

The Optimum comfort cushion provides

additional contouring and support for

increased user positioning. A built-in pommel, thigh guides and a seat well for

Deep contour backrest - passive

optimum comfort and positioning.

Similar to the Deep Contour active backrest, this features tension adjustable straps and a 4" deep contour continuing up the whole of the backrest, ideal for clients with restricted movement. - 57cm back height
